▼ He won't, it has to come after January 6th, he needs to exhaust ALL peaceful/Democratic methods first before going all in.

He needs to be able to say with complete honesty that he did everything in his power to peacefully resolve this and gave the establishment every opportunity to do the right thing. They refused and as such it now falls to him to set things right by force.

Declare the whole election fraudulent and therefore doesn't count. Immediately issue the insurrection act and call up the militias. Then make a list of deep state people to arrest.

▼ If it wont hold. We'll make it hold. One way or another the constitution survives.

i wonder if we can make our way onto the actual floor or halls of congress...not just corralled outside trying to figure out what's going on in there...
